This old established Montreal Company deserves, from the high standing of its Directorate and Stock holders, and the liberality with which all its claimants are treated; a **preference** on the part of all Montreal Merchants. Its rates for **Commercial hazards** are as low as safety will permit, and its Policy conditions **unequalled by any other Company** in privileges granted to **Manufactories** and **Merchants**. Every Employer should hold this Company's Guarantee Bond on his confidential Clerk's fidelity.

Remember, the security of this Company is **tenfolds** that of any other in this Department, you are therefore sure to get your money in the event of loss.

AROMATIC MONTSERRAT.**QUININE CORDIAL-**

A New Combination of Quinine with Lime Juice.

ENTIRELY FREE FROM ALCOHOL.

The combination of two agents of such universally acknowledged value as Quinine and Lime Juice, in at once a palatable and innocuous form, has been a desideratum long sought for. The tonic qualities of Quinine have truly been popularized in the form of Quinine Wines, but it is well known these combinations have been attended with serious evils consequent upon the Alcoholic Stimulants they all contain, at once prejudicial to health and demoralizing in their tendency. Sold by all Druggists. Price \$1 per bottle.

N. B.—No Quinine Cordial can be guaranteed genuine unless the Trade Mark of the Montserrat Co. is upon each Bottle, as well as the Autograph Signature of

H. SUGDEN EVANS, F.C.S.

—THE—

Watchmans' Control-Clock.

This Clock has now had a fair trial for

ABOUT FIFTEEN YEARS,

And is Highly Recommended by all parties who have it in use. It is an Invaluable Safeguard to all who employ a Watchman, as it records faithfully his movement when on duty. The undersigned can confidently recommend it to all who employ a Watchman. Many strong Testimonials in favor of the Clock may be seen at their office.

Notice to Contractors, Quarrymen & Others.

THE VICTOR ROCK DRILL,

Patented Sept. 16th, 1875, by W. Weaver, Phoenixville, Pa.

HAVING been appointed Sole Agents for the Dominion of Canada for the above Celebrated HAND ROCK DRILL, would respectfully call attention to following facts :

Two Men will do the Work of Nine

In the ordinary way. Weights only 350 lbs : can be moved by one person by putting it on its wheels. Drills holes any depth and diameter, from ONE to FIVE inches, in any kind of rock, at the rate of

Five Feet per Hour,

Works in the space of 16 inches, drills at any angle desired, warranted to give satisfaction, and repairs guaranteed for 3 months.

Machines delivered in Montreal duty and freight paid, including emery wheel for sharpening, five bits, Irons for dressing Wrenches and all in complete working order for \$250.

The following is one of many testimonials received from leading contractors in the United States and Canada :

TESTIMONIAL.

To Whom it may Concern :

We do hereby certify that we have worked and are now working the Victor Rock Drill on the new line of railroad, building between Columbia and Port Deposit, and feel confident in asserting that if we would have had the drill when we commenced operations, it would have been the means of saving us \$5,000. We have drilled the hardest kind of flint rock five feet to the hour, which is really the work of at least fifteen men in the same kind. Respectfully, JAMES FREELAND & CO., Contractors.

Drills constantly kept on hand, and can be seen in operation. Circulars and full information sent by applying to

The value of all bottles, flasks, jars, demijohns, carboys, casks, hogsheads, pipes, barrels, and all other vessels or packages, manufactured of tin, iron, lead, zinc, glass, or any other material, and capable of holding liquids; crates, barrels and other packages containing glass, china, crockery, or earthen ware, and all packages in which goods are commonly placed for home consumption, including cases in which bottled spirits, wines or malt liquors are contained, and every package, being the first receptacle or covering enclosing goods for purposes of sale, shall, in all cases, not otherwise provided for, in which they contain goods subject to an *ad valorem* duty, be taken and held to be a part of the fair market value for such goods for duty, and when they contain goods subject to specific duty only, such packages shall be charged with a duty of customs of 20 per centum *ad valorem*, to be computed upon their original cost or value; and all or any of the above packages described as capable of holding liquids when containing goods exempt from duty under this Act, shall be charged with a duty of 20 per cent *ad valorem*; but all packages not hereinbefore specified, and not specially charged with duty by any unrepealed enactment, and being the usual and ordinary packages in which goods are packed for exportation only, according to the general usage and custom of trade, shall be free of duty.

That on all goods imported into Canada, subject under this Act or any other Act to *ad valorem* duty, upon which a drawback of duties has been allowed by the Government of the country where the same were manufactured, the amount of such drawback shall in all cases be taken and considered to be a part of the fair market value of such goods, and duty shall be collected thereon; and in cases where the amount of such drawback shall have been deducted from the value of such goods upon the face of the invoice under which entry is to be made, the Collector of Customs or proper officer shall add the amount of such deduction, and collect and cause to be paid the lawful duty thereupon, and the fair market value of all goods, wares and merchandise imported into Canada shall be understood to be the ordinary wholesale

price at which the same are sold for home consumption in the country where they are purchased or manufactured without deduction of any kind because of any drawback paid or to be paid thereon, or because of any special arrangement between the seller and purchaser, having reference to the exportation of such goods, or the exclusive right to territorial limits for the sale thereof, or because of any royalty payable upon patent rights, but not payable when goods are purchased for exportation, or on account of any other consideration by which a special reduction in price might or could be obtained : Provided that nothing herein shall be understood to apply to general fluctuations of market values.

The following Goods from the United States may be imported free of duty, subject to alteration or regulation, by proclamation of the Governor in Council, which may be issued whenever it appears to his satisfaction that similar articles from Canada may be imported into the United States free of duty, or at a rate of duty not exceeding that payable on the same under such proclamation, when imported into Canada:

Animals of all kinds.

Fresh, Smoked and Salted Meats.

Green and Dried Fruits.

Fish of all kinds.

Products of Fish, and of all other creatures living in water.

Poultry, Butter, Cheese, Lard, Tallow, Timber and Lumber of all kinds, round, hewed, but not otherwise manufactured in whole or in part.

Fish Oil.

Gypsum, Ground or Unground.

Hay, Hops, Straw, Bran, Seeds of all kinds.

Vegetables, including Potatoes and other Roots.

Plants, Trees and Shrubs.

Coal and Coke.

Salt.

Wheat, Peas and Beans.

Barley, Rye, Oats, Indian Corn, Buckwheat, and all other grain.

Flour of Wheat and Rye, Indian Meal and Oatmeal, and Flour or Meal of any other grain.

That if at any time any greater duty of Customs should be payable in the United States of America on tea or coffee imported from Canada than on tea or coffee imported from any other country, then the Governor in Council may impose on tea or coffee imported into Canada from the said United States, an additional duty of Customs equal to the duty payable in the United States on tea or coffee imported from Canada: Provided that tea or coffee imported into Canada from any country other than the said United States, but passing in bond through the United States, shall be taken and rated as a direct importation from the country wherever the tea or coffee was purchased.

That an allowance may be made for deterioration by natural decay or breakage upon all perishable and brittle goods imported into Canada, such as green fruits and vegetables, crockery, china, glass and glassware, provided such damage is found to exceed twenty-five per cent. of the value thereof, upon an examination to be made by an appraiser or proper officer of customs, at the first landing, or within three days of such landing; but such allowance shall be only for the amount of loss in excess of twenty-five per cent. of the whole quantity of such goods contained, or included in any one invoice; and provided the duty has been paid on the full value thereof, a refund of such duty may be allowed and paid in the proportion and on fulfilment of the conditions above specified, but not otherwise, on application to the Minister of Customs.

That in determining the dutiable value of merchandise, except when imported from Great Britain, there shall be added to the cost or the actual wholesale price or fair market value at the time of exportation in the principal market of the country from whence the same has been imported into Canada, the cost of inland transportation, shipment and trans-shipment, with all the expenses included, from the place of growth, production or manufacture, whether by land or water, to the vessel in which shipment is made, either in transitu or direct to Canada.

That the Governor in Council shall from time to time establish such regulations, not inconsistent with law, as may be required to secure a just, faithful and impartial appraisal of all goods, wares and merchandise imported into Canada, and just and proper entries of the actual or fair market value thereof, and of the weights, measures or other quantities thereof, as each case may require, and such regulations, whether general or special, so made by the Governor in Council, shall have the full force and authority of law, and it shall be the duty of the appraisers of Canada and every of them, and every person who shall act as such appraiser, or of the Collector of Customs, as the case may be, by all reasonable ways or means in his or their power to ascertain, estimate and appraise the true and fair market value and wholesale price, any invoice or affidavit thereto to the contrary notwithstanding, of the merchandise at the time of exportation and in the principal markets of the country whence the same has been imported into Canada, and the proper weights, measures or other quantities, and the fair market value or wholesale price of every of them as the case may require.

That no refund of duty paid shall be allowed because of any alleged inferiority or deficiency in quantity of goods imported and entered, and which have passed into the custody of the importer under permit of the Collector of Customs, not because of the omission in the invoice of any trade discount or other matter or thing, which might have the effect of reducing the value of such goods for duty, unless the same shall have been reported to the Collector of Customs within ten days of the date of entry, and the said goods shall have been examined by the said Collector, or by an appraiser or other proper officer of Customs, and the proper rate or amount of reduction certified by him after such examination, and if such Collector or proper officer reports that the goods in question cannot be identified as those named in the invoice and entry in question, then and in such case no refund of the duty or any part thereof shall in any case be allowed, and all applications for refund of duty in

such cases shall be submitted with the evidence and all particulars for decision of the Minister of Customs, who may then order payment on finding the evidence to be sufficient and satisfactory.

That it is expedient to provide, that the whole or part of the duty of thirty per centum *ad valorem* imposed by this Act upon wines imported into Canada, may be dispensed with upon proclamation of the Governor in Council, which may be issued whenever it appears to his satisfaction that the Governments of France and Spain, or either of them, have made changes in their tariffs of duties imposed upon articles imported from Canada in reduction or repeal of the duties now in force in said countries.

THE ACCIDENT Insurance Company OF CANADA.

Incorporated by Dominion Parliament, A.D., 1872.

AUTHORIZED CAPITAL, - - \$250,000.

HEAD OFFICE, MONTREAL.

President, Vice-President,
SIR A. T. GALT. JOHN RANKIN, Esq.
MANAGER, EDWARD RAWLINGS.

The Accident is the only purely Accident Insurance Company in Canada; its business is more than twice that transacted by all the other Canadian Companies combined; it has never contested a claim at law, and is the only Canadian Company which has made the *Special Deposit with Government* for the transaction of Accident Insurance in the Dominion.

SURETYSHIP.

The Canada Guarantee Company

Is specially authorized by Government for the issue of

BONDS OF SURETYSHIP

on behalf of the employees in positions of trust.

The full deposit of \$50,000 has been made with the Government. It is the only Company transacting Guarantee business that has made any such deposit.

This Company has paid over \$100,000 to employers for the defaults of employees.

Head Office.—103 St. Francois Xavier St., Montreal.

PRESIDENT:—SIR ALEXANDER T. GALT.
VICE-PRESIDENT:—JOHN RANKIN, Esq.

EDWARD RAWLINGS, Manager.
